

Year 9 2022

Practical & Processing Information Test Notification

Weighting: 20%

Processing Information Section

Date and Time:

9B, 9I, 9P and 9V Thursday 26/5

9G, 9Y, 9R and 9O Friday 27/5

Task information:

Processing Information

In this section you will be tested on your ability to process information from given stimulus materials.

Topics to be tested:

All topics completed this year so far will be included in the examination. These are:

- Electricity
- Environmental issues

Study all your class notes including practical and experimental tasks.

Equipment needed by you is: pen, pencil, rubber, ruler and calculator.

There will be no borrowing of any equipment during the exam.

Practical Test Section

Date and Time:

9B, 9I, 9P and 9V Monday 23/5

9G, 9Y, 9R and 9O Tuesday 24/5

Practical Skills

In this section you will be tested on practical skills you have developed this year. Such as *setting up electrical circuits* and *measuring abiotic features of an environment*. You will be expected to complete three different tasks, each with a time limit of 3 minutes.

Equipment needed by you is: pen, pencil, rubber, ruler

There will be no borrowing of any equipment during the Practical Test.

Absence:

If you are absent on the day of your exam, you must bring a note from a parent/guardian explaining your absence and report to Mrs Alexander (Head Teacher Science) on the day you return to school. A suitable time will then be organised for you to do the test.

To do your best in the test it is best if you start revising your work now.
