

# SCIENCE

Year 10 2021

## Term 3 Topic Test Notification

**Date: Tuesday 14<sup>th</sup> September**

10SR, 10SO, 10SY, 10SG – period 2

10SB, 10SI, 10SV, 10SP – period 5

**Weighting: 15%**

**Task information:**

**Topics to be tested:**

- Natural Events and Plate Tectonics
- Uniquely Human

This task is a test of the two topics that you have been studying this term – all of Natural Events and Plate Tectonics and Uniquely Human up to and including Lesson 8. It will test information processing skills.

This assessment task will be in the form of an Online test. The test will be done on computer through Stile. You need to log on to Stile before the test to make sure you will be able to access the test. You must also know your school internet login name and password.

You can access Stile through the website below.

<https://stileapp.com/login>

Time allowed: 40 minutes

The test will be opened 5 minutes after the start of the lesson. You need to be logged in and ready to commence. The test will be closed 40 minutes after the starting time.

**Absence:**

If you are unable to be online in your timetabled period on Tuesday 14<sup>th</sup> September you must notify your teacher in advance, through your Google classroom class, so a suitable replacement time can be organised. If, on the day of the test, you find you are not able to be online you must have a note from a parent/guardian explaining your absence. A suitable time will then be organised for you to do the test.

**To do your best in the test you should start revising your work now!**
